SINCE 1982**

**OWN TESTING
LABORATORIES &
CONSTRUCTION**

**GLOBAL
DISTRIBUTION**

FROM LAKE CONSTANCE TO THE WHOLE WORLD

Since 1982 we have been manufacturing high-quality luminaires in our factory in Tettng by Lake Constance. Our luminaires and components are "Made in Germany".

Our wide-ranging portfolio includes free-radiating and covered damp-proof and surface-mounted luminaires for a wide variety of applications, as well as the development and production of individual custom luminaires according to customer wishes.

Poor quality products? Not with us! Our products undergo constant quality controls in our in-house laboratory. And because we leave nothing to chance, all our products come with a 5-year guarantee and a lifetime of 50,000 hours of light – that's a promise!

QUALITY

Plastics and their processing is our business. We have a wealth of knowledge about the materials and their processing along with the corresponding production facilities.

SUSTAINABILITY

Our products are highly chemically resistant and do not age due to environmental factors such as UV light, temperature and oxidation. In addition, all components used are replaceable.

EFFICIENCY

Our products comply with all current energy standards. With us, energy is not lost but efficiently converted into light.

DIN CERTIFIED

All our luminaires comply with the current standards and guidelines. The manufacturing and testing processes are covered by DIN EN ISO 9001:2015.t

WHERE THERE IS LIGHT, THERE IS ALSO LTT

FOR EVERY REQUIREMENT
THE OPTIMAL PRODUCT
